

The Nayamba Trust Health & Safety Policy

The Nayamaba Trust is committed to the Health, Safety and Welfare of our Trustees, Volunteers and the members of the public that will be present at any event that The Nayamaba Trust organises. Our aim is to ensure that any event is a safe environment for all, by controlling the risks in and around the event and the potential risks caused through what we do. It is our aim to prevent any injuries or ill health.

For each event The Nayamaba Trust will complete a Risk Assessment of which the findings will be briefed to the Trustees and/or Volunteers who will be responsible for running the specific event.

All Trustees, Volunteers and members of the public are requested to report any hazards, accidents and dangerous occurrences. All Trustees, Volunteers and members of the public are reminded that you are responsible for your own safety and the safety of others.
